WORK OF CONGRESS.

The Philippine tariff bill was taken up and in the senate on the 7th. The session was notably quiet. Senator Turner (Wash.) delivered a carefully-prepared peeple on the general Philippine question and had not repelled when the bill was ad had not concluded when the bill was id aside for the day. Senator Gallinger N. H.), chairman of the pensions comittee, called up the pension appropriadon bill and offered an amendment, which was adopted, prohibiting the collection of any foe for aiding in securing, the passage by congress of any special pension bill. He said that the number of special pension bills introduced in con-gress at this session probably was larger, han ever before, nearly 5,000 having been introduced in the house alone. Senator Pritchard (N. C.) offered an amendment providing that a man who had served in the confederate army, but subsequently that shrved in the union army, should had served in the union army, have a pensionable status. A boint of order against the amendment by Senator Callinger was sustained. The bill was then passed. The senate, after an execulive session, adjourned until the 10th the house passed the legislative, executive and judicial appropriation bill. It carries \$25.81,969. Only two amendments importance were adopted. One provides for a commission to redistrict the legislative districts of Oklahoma and the Ther authorizes the president, in his disgretion, to cover into the civil service the temporary clerical force employed on account of the war with Spain. Mr. Boutell (II.) introduced a bill giving a right of etion in United States courts for damages arising from marine disasters or loss of life on shipboard, either at sea or on the great lakes.

The senate was not in session on the Sh.... The house devoted an hour to the transaction of minor business and the remainder of the day to emlogies on the life and public services of the late Mr. Burke (Tex.). Among the speakers was Mr. De Armond (Mo.).

Thoughout nearly the entire session of the senate on the 10th the Philippine ariff bill was under consideration. The house amendment to the urgent deficiency bill relating to the opening of state claims was agreed to, which passed the bill, senator Hoar (Mass.), from the committee on judiciary, favorably reported a bill for the protection of the president of the United States, the vice president and others. He also reported from the committee on elections an amendment to the constitution changing the day for the frauguration of the president of the United States from March 4 to the last Thursday in April. The resolution provides that the change shall take effect in 1905, and extends the term of President Roosevelt from March 4 to that date. The resolution also provides that hereafter the terms of senators and memers of the house of representatives shall begin on the last Thursday of April instrad of March 4, as at present. Senator Quarles (Wis.) reported the permanent consus bill. Senator Mitchell (Orc.) introduced a resolution extending the elective franchise to women by means a constitutional amendment General debate on the oleomargarine bill was closed in the house. The friends of the bill decided to offer an amendment to make the ten-cent tax apply to oleomargarine in imitation of butter, "of any shade of fellow." The amendment is de-signed to meet the charge of the oppoments of the bill that without this ianguage the bill might be construed to absolutely prohibit the sale of oleomar-

A stirring debate on the general Philipthe 11th, the principal participants being Senator Platt (Conn.) and Senator Hoar (Mass.). Senato: Teller (Col.) con-tinued his argument against the enactment of the pending Philippine tariff bill. Senator Carmack (Tenn.) introduced a resolution that the United States regard with disfavor any movement having for as object the early or ultimate admission of the Philippines as a state or states of the union. Early in the day the senate passed a joint resolution submitting a constitutional amendment changing the time of presidential inaugurations and the termination and commencement of congresses from the 4th of March to the last Thursday of April....The voting an amendments to the eleomargarine bill in the house indicated a considerable change of sentiment since the last congress, when the bill had 106 majority, and that the opposition to the measure bad gained strength. While the passage of the bill is not endangered, it is not likely that the majority; when the final vote is taken, will exceed 39. Mr. Cooper (Tex.) introduced a bill to provide for the selection of a site for a United States naval station and dry dock on or near Sabine Pass, or the Neches or Sabine river, in Texas.

Henvy Less by F re at Spr ngfield, O. Springfield, O., Feb. 11.-The great East Street shops, built by Wiliam N. Whitley, the reaper king, at a cost of \$2,000,000, were destroyed by fire yesterday. The building was bought by Senator Fairbanks, of Indiana, ten years ago, following the failure of Whitley. The loss is over \$1,000,-000. Water pressure was insufficient and firemen were handicapped from the start.

Three Met Instant Beath.

Bouth McAlester, I. T., Feb. 11 .-Yesterday morning at mine No. 11, at Krebs, three men met instant death by the parting of the cable that holds the car used in transporting to and from the mine. While going down to commence work the cable parted and the car dashed down the incline, precipitating three miners to the shaft below.

BOTH LUNGS AFFECTED.

Condition of Young Theodore Roosevelt Not So Favorable Monday-Skillful Med. ical Treatment Necessary.

Groton, Mass., Feb. 11.-The condition of Theodore Roosevelt, Jr., was slightly less favorable Monday, but not beyond what the doctors were looking for. The lung hitherto clear was found by the doctors to be affected by the disease and the respiration and temperature were higher, but the pulse was better. While the medical attendants claim that the patient's condition is not ala ming, no attempt is made to conceal the fact that the complication of the second lung gives the care a more serious aspect.

President and Mrs. Roosevelt were with the sick boy all the forenoon. Young Theodore asked for his father early in the day and seemed anxious that he should remain with him. A special messenger arrived from Washington at 10:30, bringing documents requiring the president's attention. Secretary Cortelyou said that in order that the young patient should have the benefit of the highest medical skill, a prominent specialist in pulmonary diseases had been asked to come to Groton.

This sudden and unfavorable turn warned the president that the most skillful medical treatment was necessary, and so last night he called to the aid of Drs. Shattuck and Warren his family physician, Dr. Alexander Lambert, of New York, an eminent practitioner and a man well acquainted with the boy's physique.

TURNER CALLS IT GREED.

Washington Senator Made Bitter Attack on the Att tude of the Republican Party Toward the Filipluos.

Washington, Feb. 11.-In the senate Monday Mr. Turner (dem. Wash.) made a vehement attack on the republican party's policy toward the Philippines. He said: "The leaders of the republican party have dishonored the nation by their greed for power and spoils. They have done so under the false and blasphemous pretense that they were serving Almighty God by advancing liberty and religion." He maintained the leaders had deceived and deluded the people but he did not believe they could continue it. "There will come an awakening." said he, "and the day of awakening is not far distant. If I did not believe so, I should despair of my country."

He called upon his republican friends to think what a tangled skein they have woven in the orient, "I conjure you," he said, "to unravel that skein while there is yet time. I conjure you to do it not alone in the name of the hopeless Filipinos who trusted you and whose lands you have drenched with blood, but I conjure REFLECTIONS OF A SICK MAN. you in the name of the American people and their posterity to stay your hand lest their precious liberties be destroyed along with that of the unfortunate people devoted by you to conquest and subjugation and spolia-

OVER A 200 FOOT CLIFF.

A New Jersey Woman Met an Awful Death in Trying to Save Her Fourteen-Year-O d Daughter

Morristown, N. J., Feb. 11.-Mrs. Elwood Fichenon took her 14-year-old daughter to Green pond to see the forest fires on Copperas mountain. They climbed a steep hill and stood near the edge of a cliff with a sheer drop of 200 feet. The wind was blowing a gale and Mabel, the daughter, walked toward the edge. The child's skirts were caught by a violent gust of wind and she was carried along, despite all her efforts to stop. Mrs. Fichenon saw her daughter's peril and ran after her. Mabel was blown over the precipice just as her mother grasped her skirts. Mrs. Fichenon could not recover her balance and both fell to the rocks below. The mother's neck was broken. Mabel's arms were broken and she was otherwise injured, but she may live.

MRS. BAIRD WON OUT.

The Kansas City Court of Appeals Holds That a Chr stian Science Healer Is Not a Doctor,

Kansas City, Mo., Feb. 11.-The judgment convicting and fining Mrs. Amanda J. Baird, a Christian science healer, for failing to report to the city authorities a case of diphtheria was reversed by the Kansas City court of appeals and Mrs. Baird was discharged, Mrs. Baird was fined \$50 in police court in November, 1897, for failing to report an alleged case of diphtheria in a child she was treating. The court holds that as Mrs. Baird did not have a diploma or ceptificate from the board of health and was therefore not a physician, she was not amenable to the ordinance under which she was convicted.

Women are naturally more susceptible to inclemencies of the weather than men. With them a cold is often the starting point of some severe pelvic derangement, causing much pain and suffering.

Every woman needs a remedy upon which she can rely to keep her system fortified against the trying weather of winter and early spring. If Peruna is taken at the first symptom of a cold it will cure it before it develops into some annoying catarrhal derangement.

A STRONG STATEMENT.

Star, Wis., Feb. 10th .- Mr Samuel S. Hook, one of the most highly respected residents of this neighborhood, has given a very hearty recommendation to Doad's Kidney Pills, a remedy recently introduced here. He says:

"I have been a sufferer from Kidney Disease for some time and found nothing to help me till I began to use Dodd's Kidney Pills. They gave me almost immediate relief, and I am now well. I have recommended them to many friends and in every case with splendid results.

"They are the very best pills for all kinds of ailments, but especially for Kidney Complaints."

This is a very strong statement, and coming from a gentleman of Mr. Hook's standing and reputation, it has had a tremendous influence in Vernon county.
